6. INSTALLATION

6.1 Plugs and sockets

1 - QUICK OPENING/CLOSING SYSTEM

Unlocked by pressing with a screwdriver. Marking indicates the location for the locking clip.

Opened by turning the 2 parts in opposite directions

2 - CABLE STRIPPING

Marking allows the user to quickly see the length of cable to be stripped.
Option of using cables with glands.

3 - EASY HANDLING

Gripping areas on the body of the mobile products and the cable grip.

6.2 Surface mounting sockets

1 - 2 MOUNTING POSITIONS

To solve the problem of limited space, the surface mounting sockets offer 2 different mounting positions (5° or 25°) which allow users to adapt to the space available without changing the box.
